FROM THE PRINCIPAL'S DESK

Dear Werrimull P-12 School Community,

Everyone has been enjoying their time swimming in our school pool now that the weather has warmed up!

On Wednesday the 15th November, Carl attended the 2023 SuniTafe VETDSS Awards at the Mercy Theatre. The room was filled with excited students, families and guests. Although Carl did not win the award, we are so proud of his hard work this year and the recognition he has received from his teachers to be nominated for this award. Well done Carl!

This week we had MDAS workers visit to teach the year 6-10 students about mental health. Students developed their understanding about mental sympathy, empathy, positive and negative self-talk and what mental health is. Students were also able to participate in African Drumming as part of this session!

On the 17th of November, the entire school visited Mildura to support the Walk Against Family Violence with the community. We are so proud of our students for taking a stand against family violence. Mildura Rural City Council also reached out to speak to Triona Allen, our Mental Health Practitioner to acknowledge our school involvement in this. Triona also spoke on ABC radio about why Werrimull P-12 participated in this event.

Please remember to read at home with your children, this is such an important part of their learning journey and just 10 minutes each day makes a difference!

It is great to see so many students in their full uniform, including broad brimmed hats each day, keep up the great work kids! A reminder to students to hand their mobile phones and devices into the front office when they get to school each morning.

ENGLISH

This fortnight we started our poetry unit. Students have explored a range of different types of poetry and have written their own shape poems!

Students have learnt about synonyms and how they can make writing more interesting. They practised choosing better words to make sentences that also helped them practise remembering capital letters and full stops.

Students have been working hard on their letter formation and neatness of their writing to ensure all letters are clearly legible and written on the lines.

Week 7 & 8

Students participated in the Walk Against Gender Based Family Violence in Mildura on Friday. They started off at Benetook Farms before walking from the Mall to the river for the cause. They arrived back at school very excited to spend the day in Mildura!

What starts with an E, ends with an E, but only contains one letter?

MATHEMATICAL HAPPENINGS by Ms Gausсен

7/8 Mathematics: Students have been working on applying their learning to work out unit rates on bulk foods bought for a fruit and vegetable store.

9/10 Mathematics: Students have been applying their learning to solve problems related to ratios used to make different scents for a fragrance company.

*Science*

STUDENTS ARE CONTINUING THEIR WORK ON ELECTRICITY. THEY HAVE BEEN INVESTIGATING METALS AND WERE EVEN INVOLVED IN A SOLDERING ACTIVITY.

WELCOME TO THE MILLEWA PRE-SCHOOL

Delgi - Welcome to the Pre-School.

We acknowledge the Laji Laji and the Ningtaut People as the Traditional owners of the land in which we work and play. We recognize their continuing connection to land, water, and community. We pay our respect to them and their cultures and to the Elders past, present and emerging.

**Please Note:

Calling 000

We have been learning about emergency services and the important jobs they do. The children have been practicing calling 000 and pretending to talk to and give information to help them in an emergency situation. This is something we will continue to do for the remainder of the term.

CONSTRUCTION AND PROBLEM SOLVING

THE MAGNETIC SHAPES HAVE BEEN POPULAR WITH THE CHILDREN, WHO HAVE BEEN USING THEIR IMAGINATION TO BUILD HOUSES AND GARAGES. THEY HAVE BEEN WORKING TOGETHER TO BUILD WALLS AND DOORS AND HAVE EVEN TRIED ADDING ANOTHER LEVEL.

RESILIENCE

Playdough has been popular. The children have been working on building resilience through collaboration, taking turns and sharing. We had fun playing with some beautiful turquoise coloured playdough which the children helped make.

With the weather warming up, water play has also been fun with lots of damp sand, water, utensils and containers being used to explore and experiment. The children have been taking turns using the hose and equipment.
